General conditions for commercial papers

General conditions for commercial papers (cheques, bills of exchange, receipts, etc.) drawn inside and outside Switzerland

- The assignor acknowledges all the provisions of these fee conditions when submitting a collection order subject to these fee conditions to the bank
- These rate conditions are minimums and are applicable by commercial paper, unless another condition applies
- If a collection involves any additional correspondence, this will be calculated separately
- Other costs (postage, telephone, etc.) and correspondent fees are not included in this collection rate. They are added or deducted depending on whether or not they are paid by the drawee
- Taxes and fees will also be calculated on commercial papers claimed, unpaid and returned unaccepted
- If bills of exchange, receipts, etc. are delivered without value, the same fees will be charged as if they had been collected
- If the bank credits the exchange value of a commercial paper (bills of exchange, cheques, receipts, etc.) under the usual reserve, the credit is made subject to collection; this also applies when instruments are payable to the bank responsible for collection
- The date of receipt of the commercial paper at the bank counter handling the account is decisive for the determination of the value
- No responsibility is accepted for:
 - The timely presentation and timely lifting of the objection of bills after the maturity date or where the drawee's address is insufficient
 - Exchange rate variations on commercial papers denominated in foreign currency
 - The validity and consequences of commercial papers which have been extended
- Commercial papers that are free of charge will only be notified at the express request of the assignor
- Assignors must, at the bank's first request, provide the bank with duplicates of any commercial paper which is lost or which has become unusable or must request the immediate blocking of the commercial paper and obtain the issue of a replacement
- In addition, collections are executed in accordance with the "Uniform Rules for Collection" issued by the International Chamber of Commerce
